

REMARKS

Following entry of the foregoing amendment, Claims 46-68 and 93-117 remain pending. Claims 1-45, 69-92 and 118-190 were previously cancelled without prejudice by prior response. By this amendment, independent Claims 46 and 93 and dependent Claims 47, 49, 51-55, 57-68, 96, 98-103, and 105-117 have been amended. It is respectfully submitted that no new matter has been added by the foregoing amendments.

The amendments have been made in order to correct minor errors in the claims. It is believed that no new issues of patentability are raised by the amended claims. Accordingly, it is respectfully asserted that all of the pending claims of the present application are in condition for allowance.

CONCLUSION

It is not believed that extensions of time or fees for addition of claims are required beyond those that may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 CFR §1.136(a), and any fee required therefore (including fees for net addition of claims) is hereby authorized to be charged to Deposit Account No. 19-5029.

If there are any issues which can be resolved by teleconference or an Examiner's Amendment, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,
